Stable & Low Risk WAYS of Growing your WEALTH

Date : 17th Feb 2012

Speaker: Mr Poh Choon Kia

Venue: SIA Group Sports Club*

Time: 7.30 pm

Synopsis:

"In the last 15 years, we saw an unprecedented number of crises that totally change the way many investments behaved historically. We have seen investment cycles getting shorter, billions can be wiped out in a single day, blue chip companies going bankrupt and conventional "buy and hold" strategy may not work all the time anymore.

Yet some classes of investments continue to deliver consistent stable returns to investors through the Asia Financial Crisis, Subprime Crisis, European Debt Crisis and the current global instability. Are the volatile investment markets too much for you already?

This seminar seeks to provide alternatives to investors who seek low risk stable returns for their investments, shielding them from the emotional roller coaster rides that the markets have subjected most in recent years."
